

JULY 1989

## HEALTH REQUIREMENTS OF THE REPUBLIC OF IRELAND FOR THE IMPORTATION OF DOGS AND CATS

The importation of dogs and cats into the State from places abroad (other than Great Britain, the Channel Islands, and the Isle of Man) is prohibited except under license granted by the Department of Agriculture. The animal must be consigned by air as manifested freight for entry at one of the approved ports of entry viz. Dublin, Cork, or Shannon Airports. Animals landed at Cork or Shannon must be transhipped by air to Dublin. The licence must accompany the animal in transit and be presented to the proper officer of Customs and Excise at the airport of landing. If the license is not available the landing of the animal will not be permitted and accordingly dogs or cats from abroad should not be sent to this country until the necessary import licence has been obtained.

Any dog or cat imported under license must undergo at least 6 months detention and isolation at an approved quarantine premises after landing and during that test period is subjected to two anti-rabies vaccinations. No exceptions to these rules are permitted. An outbreak or suspected outbreak of serious animal disease in the quarantine premises may necessitate the prolongation of the quarantine period.

When landed the animal must be conveyed in a nose and paw proof container direct to the approved quarantine premises by the approved carriers, viz:-

Coras Iompair Eireann, Road Freight Section  
North Wall, Dublin 1.  
Phone: Dublin 01(746891)

The approved quarantine premises is:-

Lissenhall Quarantine Kennels and Cattery,  
Lissenhall, Swords, Co Dublin. Phone: Dublin 01(401776)

Application for an import licence should be made on the enclosed Form A and should be accompanied by a completed Form B {Declaration by Owner and Health Certificate}. Before making application, the owner of the animal should ensure that accommodation at the quarantine premises is available and that the carrying agents will arrange for the transport of the animal from Dublin Airport to the quarantine premises. The licence cannot be granted until an assurance in writing is received in this Department from both the Veterinary Surgeon in charge of the quarantine premises and Coras Iompair Erreann that the necessary arrangements have been made.

When the license is granted, the owner of the animal should notify Coras Iompair Eireann of the time of arrival of the animal at Dublin Airport. He should also supply the veterinary surgeon at the quarantine premises with an address at which communications about the animal will be

received while it is undergoing detention.

The quarantine and vaccination fees are matters for settlement between the owner of the animal and the veterinary surgeon in charge of the premises. The Department will not be responsible for any expenses incurred in connection with the landing, transport, or detention of the animal or for any injury to or illness which may befall the animal.

THE COMPLETED APPLICATION (FORM A) AND DECLARATION BY OWNER AND HEALTH CERTIFICATE (FORM B) SHOULD BE SENT TO THE SECRETARY,  
DEPARTMENT OF AGRICULTURE (ANIMAL HEALTH DIVISION) AGRICULTURE  
HOUSE, KILDARE STREET,  
DUBLIN 2.

DEPARTMENT OF AGRICULTURE, DUBLIN

FORM A
